REMEDIAL DESIGN/REMEDIAL ACTION CONSENT DECREE

I. BACKGROUND

A. Concurrent with the filing of this Consent Decree, the United States of America ("United States"), on behalf of the Administrator of the United States Environmental Protection Agency ("EPA"), has filed a fourth amended complaint in this matter, ("Complaint"), pursuant to Section 107 of the Comprehensive Environmental Response, Compensation, and Liability Act, as amended, ("CERCLA"), 42 U.S.C. § 9607. No Settling Defendant opposes the United States' concurrent motion for leave to file its amended complaint.

B. The United States in its Complaint seeks, inter alia: (1) reimbursement of costs incurred by EPA and the Department of Justice for response actions at the Breslube-Penn Superfund Site in Moon Township, Pennsylvania, together with accrued interest; (2) performance of studies and response work by the defendants at the Site in accordance with the National Contingency Plan. 40 C.F.R. Part 300 (as amended); and (3) a declaratory judgment of liability for all unreimbursed response costs incurred or to be incurred by the United States that will be binding on any subsequent action or actions to recover such further response costs.

- C. In accordance with the National Contingency Plan and Section 121(f)(1)(F) of CERCLA, 42 U.S.C. § 9621(f)(1)(F), EPA notified the Commonwealth of Pennsylvania (the "Commonwealth") on December 14, 2007, of negotiations with potentially responsible parties regarding the implementation of the Remedial Design and Remedial Action for the Site, and EPA has provided the Commonwealth with an opportunity to participate in such negotiations and be a party to this Consent Decree.
- D. The Commonwealth has also filed a complaint against the Settling Defendants in this Court alleging that the Settling Defendants are liable to the Commonwealth under Section 107 of CERCLA, 42 U.S.C. § 9607.
 - E. In accordance with Section 122(j)(1) of CERCLA, 42 U.S.C. § 9622(j)(1), EPA notified the National Oceanic and Atmospheric Administration on December 19, 2007, of negotiations with potentially responsible parties regarding the release of hazardous substances that may have resulted in injury to the natural resources under Federal trusteeship and encouraged the trustee(s) to participate in the negotiation of this Consent Decree.
- F. The defendants that have entered into this Consent Decree ("Settling Defendants") do not admit any liability to the Plaintiffs arising out of the transactions or occurrences alleged in the Complaint, nor do they acknowledge that the release or threatened release of hazardous substance(s) at or from the Site constitutes an imminent or substantial endangerment to the public health or welfare or the environment.
- G. Pursuant to Section 105 of CERCLA, 42 U.S.C. § 9605, EPA placed the Site on the National Priorities List, set forth at 40 C.F.R. Part 300, Appendix B, by publication in the Federal

Page 5 of 147

Register on June 17, 1996, 61 Fed. Reg. 30510.

- H. In January 2000, in response to a release or a substantial threat of a release of a hazardous substance(s) at or from the Site, EPA issued an Administrative Order on Consent to a subset of Settling Defendants (i.e., CBS Corporation, Exxon Mobil Corporation, Ford Motor
- Company, General Motors Corporation, Hussey Copper, Ltd., and United States Steel
- Corporation, collectively the "Work Group"), for the performance of a Remedial Investigation and Feasibility Study ("RI/FS") for the Site pursuant to 40 C.F.R. § 300.430.
 - I. The Work Group completed the Remedial Investigation ("RI") Report in August 2005, and the Work Group completed a Feasibility Study ("FS") Report on December 6, 2006 (with an addendum completed in February 2007).
 - J. Pursuant to Section 117 of CERCLA, 42 U.S.C. § 9617, EPA published notice of the completion of the FS and of the proposed plan for remedial action on March 30, 2007, in a major local newspaper of general circulation. EPA provided an opportunity for written and oral comments from the public on the proposed plan for remedial action. A copy of the transcript of the public meeting is available to the public as part of the administrative record upon which the Regional Administrator based the selection of the response action.
 - K. The decision by EPA on the remedial action to be implemented at the Site is embodied in a final Record of Decision ("ROD"), executed on August 30, 2007, on which the Commonwealth has given its concurrence. The ROD includes EPA's explanation for any significant differences between the final plan and the proposed plan as well as a responsiveness summary to the public comments. Notice of the final plan was published in accordance with Section 117(b) of

United States v. AK Steel, et. al Demedial Design/Remedial Action Consent Decree

CERCLA.

- L. Based on the information presently available to EPA and the Commonwealth, EPA and the Commonwealth believe that the Work will be properly and promptly conducted by the Settling Performing Defendants if conducted in accordance with the requirements of this Consent Decree and its appendices.
- M. Solely for the purposes of Section 113(j) of CERCLA, 42 U.S.C. § 9613(j), the Remedial Action selected by the ROD and the Work to be performed by the Settling Performing Defendants shall constitute a response action taken or ordered by the President.
 - N. The Parties recognize, and the Court by entering this Consent Decree finds, that this Consent Decree has been negotiated by the Parties in good faith and implementation of this Consent Decree will expedite the cleanup of the Site and will avoid prolonged and complicated litigation between the Parties, and that this Consent Decree is fair, reasonable, and in the public interest.

NOW, THEREFORE, it is hereby Ordered, Adjudged, and Decreed:

Implementation of any non-deficient portion of a submission shall not relieve Settling Performing Defendants of any liability for stipulated penalties under Section XX (Stipulated Penalties).
- 42. a. Within ninety (90) days after Settling Performing Defendants conclude that the Remedial Action has been fully performed and the Performance Standards have been attained, Settling Performing Defendants shall schedule and conduct a pre-certification inspection to be attended by Settling Performing Defendants, EPA and the Commonwealth. If, after the pre-certification inspection, the Settling Performing Defendants still believe that the Remedial Action has been fully performed and the Performance Standards have been attained, they shall submit a written report requesting certification to EPA for approval, with a copy to the Commonwealth, pursuant to Section XI (EPA Approval of Plans and Other Submissions) within thirty (30) days of the inspection. prevents the performance of any obligation under this Consent Decree despite Settling Performing Defendants' best efforts to fulfill the obligation. The requirement that the Settling Performing Defendants exercise "best efforts to fulfill the obligation" includes using best efforts to anticipate any potential force majeure event and best efforts to address the effects of any potential force majeure event (a) as it is occurring, and (b) following the potential force majeure event. such that the delay is minimized to the greatest extent possible. "Force Majeure" does not include financial inability to complete the Work, a failure to attain the Performance Standards, or increased costs.

The

United States v. AK Steel, et. al <u>Demedial Dealgn/Demedial Action Consent Decree</u>

Settling Performing Defendants shall include with any notice all available documentation supporting their claim that the delay was attributable to a force majeure. Settling Performing Defendants shall be deemed to know of any circumstance of which Settling Performing Defendants, any entity controlled by Settling Performing Defendants, or Settling Performing Defendants' contractors knew or should have known.

If EPA, upon consultation with the Commonwealth, agrees that the delay or anticipated delay is attributable to a force majeure event, the time for performance of the obligations under this Consent Decree that are affected by the force majeure event will be extended by EPA, upon consultation with the Commonwealth, for such time as is necessary to complete those obligations on an expedited basis. An extension of the time for performance of the obligations affected by the force majeure event shall not, of itself, extend the time for performance of any other obligation. If EPA, upon consultation withthe Commonwealth, does not agree that the delay or anticipated delay has been or will be caused by a force majeure event, EPA, upon consultation with the Commonwealth, will notify the Settling Performing Defendants in writing of its decision. If EPA, upon consultation with the Commonwealth, agrees that the delay is attributable to a force majeure event, EPA will notify the Settling Performing Defendants in writing of the length of the extension, if any, for performance of the obligations affected by the force majeure event.

In any such proceeding, Settling Performing Defendants shall have the burden of demonstrating by a preponderance of the evidence that the delay or anticipated delay has been or will be caused by a force majeure event, that the duration of the delay or the extension sought was or will be warranted under the circumstances, that best efforts were exercised to avoid and mitigate the effects of the delay, and that Settling Performing Defendants complied with the requirements of Paragraphs 64 and 65, above. If Settling Performing Defendants carry this burden. the delay at issue shall be deemed not to be a violation by Settling Performing Defendants of the affected obligation of this Consent Decree identified to EPA and the Court.

Settling Performing Defendants shall pay Interest on the unpaid balance, which shall begin to accrue on the date of demand made pursuant to Paragraph 80.
- b. Nothing in this Consent Decree shall be construed as prohibiting, altering, or in any way limiting the ability of the United States to seek any other remedies or sanctions available by virtue of Settling Performing Defendants' violation of this Decree or of the statutes and regulations upon which it is based, including, but not limited to, penalties pursuant to Section 122(1) of CERCLA. Provided, however, that for any particular violation of this Consent Decree, the United States shall be limited to either demanding stipulated penalties pursuant to this Section XX of the Consent Decree or pursuing civil penalties pursuant to Section 122(1) of CERCLA, except in the case of a willful violation of the Consent Decree.
- 84. Notwithstanding any other provision of this Section, the United States may, in its unreviewable discretion, waive any portion of stipulated penalties that have accrued pursuant to this Consent Decree.

- to EPA's issuance of such notice.
 - (b) If, after expiration of the 10-day notice period specified in Paragraph 90(a),

 - (d) After commencement and for the duration of any Work Takeover, EPA shall

have immediate access to and benefit of any performance guarantee(s) provided pursuant to Section XIII of this Consent Decree, in accordance with the provisions of Paragraph 51 of that Section. If and to the extent that EPA is unable to secure the resources guaranteed under any such performance guarantee(s) and the Settling Performing Defendant(s) fail to remit a cash amount up to but not exceeding the estimated cost of the remaining Work to be performed, all in accordance with the provisions of Paragraph 51, any unreimbursed costs incurred by EPA in performing Work under the Work Takeover shall be considered Future Response Costs that Settling Performing Defendants shall pay pursuant to Section XVI (Payment for Response Costs).

91. Notwithstanding any other provision of this Consent Decree, the United States and the Commonwealth retain all authority and reserve all rights to take any and all response actions authorized by law.

Covenant Not to Sue by Plaintiff Commonwealth of Pennsylvania.

XXII. COVENANTS BY SETTLING DEFENDANTS

Settling Non-Performing Defendant of its obligations under this Consent Decree.

- 93. Covenant Not to Sue. Subject to the reservations in Paragraph 93, Settling Defendants hereby covenant not to sue and agree not to assert any claims or causes of action against the United States or the Commonwealth with respect to the Site or this Consent Decree, including, but not limited to:
- a. any direct or indirect claim for reimbursement from the Hazardous Substance Superfund (established pursuant to the Internal Revenue Code, 26 U.S.C. § 9507) through CERCLA §§ 106(b)(2), 107, 111, 112, 113, or any other provision of law;
- b. any claims against the United States, including any department, agency or instrumentality of the United States under CERCLA Sections 107 or 113 related to the Site, or
- c. any claims arising out of response actions at or in connection with the Site, including any claim under the United States Constitution, the Pennsylvania Constitution, the
- Tucker Act, 28 U.S.C. § 1491, the Equal Access to Justice Act, 28 U.S.C. § 2412, as amended, or

at common law. Except as provided in Paragraph 95(a) (Waiver of Claims Against De Micromis Parties), Paragraph 95(b) (Waiver of Claims Against De Minimis Parties), and Paragraph 100 (waiver of Claim-Splitting Defenses), these covenants not to sue shall not apply in the event that the United States brings a cause of action or issues an order pursuant to the reservations set forth in Paragraphs 86, 87, 89(2) - (4) or 89(7) - (11), but only to the extent that Settling Defendants' claims arise from the same response action, response costs, or damages that the United States is seeking pursuant to the applicable reservation.

94. The Settling Defendants reserve, and this Consent Decree is without prejudice to, claims against the United States, subject to the provisions of Chapter 171 of Title 28 of the United States Code, for money damages for injury or loss of property or personal injury or death caused by the negligent or wrongful act or omission of any employee of the United States while acting within the scope of his or her office or employment under circumstances where the United States, if a private person, would be liable to the claimant in accordance with the law of the place where the act or omission occurred. However, any such claim shall not include a claim for any damages caused, in whole or in part, by the act or omission of any person, including any contractor, who is not a federal employee as that term is defined in 28 U.S.C. § 2671; nor shall any such claim include a claim based on EPA's selection of response actions, or the oversight or approval of the Settling Performing Defendants' plans or activities. The foregoing applies only to claims which are brought pursuant to any statute other than CERCLA and for which the waiver of sovereign immunity is found in a statute other than CERCLA.

95. Nothing in this Consent Decree shall be deemed to constitute preauthorization of a

claim within the meaning of Section 111 of CERCLA, 42 U.S.C. § 9611, or 40 C.F.R. § 300.700(d).

- a. Settling Defendants agree not to assert any claims and to waive all claims or causes of action that they may have for all matters relating to the Site, including for contribution, against any person where the person's liability to Settling Defendants with respect to the Site is based solely on having arranged for disposal or treatment, or for transport for disposal or treatment, of hazardous substances at the Site, or having accepted for transport for disposal or treatment of hazardous substances at the Site if the materials contributed by such person to the Site containing hazardous substances are 2200 gallons or less. This waiver shall not apply to any claim or cause of action against any person meeting the above criteria if EPA has determined that the materials contributed to the Site by such person contributed or could contribute significantly to the costs of response at the Site. This waiver also shall not apply with respect to any defense, claim, or cause of action that a Settling Defendant may have against any person if such person asserts a claim or cause of action relating to the Site against such Settling Defendant.
- b. Settling Defendants agree not to assert any claims and to waive all claims or causes of action that they may have for all matters relating to the Site, including for contribution, against any person that has entered into a final CERCLA § 122(g) de minimis settlement with EPA with respect to the Site as of the Effective Date. This waiver shall not apply with respect to any defense, claim, or cause of action that a Settling Defendant may have against any person if such person asserts a claim or cause of action relating to the Site against such Settling Defendant.

XXIII. EFFECT OF SETTLEMENT; CONTRIBUTION PROTECTION

97. Except as provided in Paragraph 95(a) (Waiver of Claims Against De Micromis Parties) and Paragraph 95(b) (Waiver of Claims Against De Minimis Parties), nothing in this Consent Decree shall be construed to create any rights in, or grant any cause of action to, any person not a Party to this Consent Decree. The preceding sentence shall not be construed to waive or nullify any rights that any person not a signatory to this decree may have under applicable law. Except as provided in Paragraph 95(a) (Waiver of Claims Against De Micromis Parties) and Paragraph 95(b) (Waiver of Claims Against De Minimis Parties), each of the Parties expressly reserves any and all rights (including, but not limited to, any right to contribution), defenses, claims, demands, and causes of action which each Party may have with respect to any matter, transaction, or occurrence relating in any way to the Site against any person not a Party hereto.

98. The Parties agree, and by entering this Consent Decree this Court finds, that the Settling Defendants are entitled, as of the Effective Date, to protection from contribution actions or claims as provided by CERCLA Section 113(f)(2), 42 U.S.C. § 9613(f)(2), Section 705(c)(2) of HSCA, 35 P.S. § 6020.705(c)(2); and Section 501(a) of Act 2, 35 P.S. § 6026.501(a), for matters addressed in this Consent Decree. Nothing herein shall prevent Settling Defendants from suing one another for failing to comply with the terms of the existing agreement between the Settling Performing Defendants and the Settling Non-Performing Defendants with respect to any private agreement to fund the Work or perform the Work or perform other obligations under this Consent Decree.

99. The Settling Defendants agree that with respect to any suit or claim for contribution

United States v. AK Steel, et. al Denedial Design/Remedial Action Consent Decree

brought by them for matters related to this Consent Decree they will notify the United States and the Commonwealth in writing no later than sixty (60) days prior to the initiation of such suit or claim.

- 100. The Settling Defendants also agree that with respect to any suit or claim for contribution brought against them for matters related to this Consent Decree they will notify in writing the United States and the Commonwealth within ten (10) days of service of the complaint on them. In addition, Settling Defendants shall notify the United States and the Commonwealth within ten (10) days of service or receipt of any Motion for Summary Judgment and within ten (10) days of receipt of any order from a court setting a case for trial.
- 101. In any subsequent administrative or judicial proceeding initiated by the United States for injunctive relief, recovery of response costs, or other appropriate relief relating to the Site, Settling Defendants shall not assert, and may not maintain, any defense or claim based upon the principles of waiver, res judicata, collateral estoppel, issue preclusion, claim-splitting, or other defenses based upon any contention that the claims raised by the United States in the subsequent proceeding were or should have been brought in the instant case; provided, however, that nothing in this Paragraph affects the enforceability of the covenants not to sue set forth in Section XXI (Covenants Not to Sue by Plaintiffs).

XXIV. ACCESS TO INFORMATION

102. Settling Performing Defendants shall provide to EPA and the Commonwealth, upon request, copies of all documents and information within their possession or control or that of their contractors or agents relating to activities at the Site or to the implementation of this Consent

Decree, including, but not limited to, sampling, analysis, chain of custody records, manifests, trucking logs, receipts, reports, sample traffic routing, correspondence, or other documents or information related to the Work. Settling Performing Defendants shall also make available to EPA and the Commonwealth, for purposes of investigation, information gathering, or testimony, their employees, agents, or representatives with knowledge of relevant facts concerning the performance of the Work.

- a. Settling Performing Defendants may assert business confidentiality claims 103. covering part or all of the documents or information submitted to Plaintiffs under this Consent Decree to the extent permitted by and in accordance with Section 104(e)(7) of CERCLA, 42 U.S.C. § 9604(e)(7), or 40 C.F.R. Part 2, Subpart B. Documents or information determined to be confidential by EPA will be afforded the protection specified in 40 C.F.R. Part 2, Subpart B. If no claim of confidentiality accompanies documents or information when they are submitted to EPA and the Commonwealth, or if EPA has notified Settling Performing Defendants that the documents or information are not confidential under the standards of Section 104(e)(7) of CERCLA, the public may be given access to such documents or information without further notice to Settling Defendants.
- b. The Settling Defendants may assert that certain documents, records and other information are privileged under the attorney-client privilege or any other privilege recognized by federal law. If the Settling Defendants assert such a privilege in lieu of providing documents, they shall provide the Plaintiffs with the following: (1) the title of the document, record, or information; (2) the date of the document, record, or information; (3) the name and title of the

Page 98 of 147

author of the document, record, or information; (4) the name and title of each addressee and recipient; (5) a description of the contents of the document, record, or information: and (6) the privilege asserted by Settling Defendants. However, no documents, reports or other information created or generated pursuant to the requirements of the Consent Decree shall be withheld on the grounds that they are privileged.

104. No claim of confidentiality shall be made with respect to any data, including, but not limited to, all sampling, analytical, monitoring, hydrogeologic, scientific, chemical, or engineering data, or any other documents or information evidencing conditions at or around the Site.

XXV. RETENTION OF RECORDS

105. Until ten (10) years after the Settling Performing Defendants' receipt of EPA's notification pursuant to Paragraph 53(b) of Section XIV (Certification of Completion of the Work), each Settling Defendant shall preserve and retain all non-identical copies of records and documents (including records or documents in electronic form) now in its possession or control or which come into its possession or control that relate in any manner to its liability under CERCLA with respect to the Site, provided, however, that Settling Defendants who are potentially liable as owners or operators of the Site must retain, in addition, all documents and records that relate to the liability of any other person under CERCLA with respect to the Site. Each Settling Performing Defendant must also retain, and instruct its contractors and agents to preserve, for the same period of time specified above, all non-identical copies of the last draft or final version of any documents or records (including documents or records in electronic form) now in its possession or control or which come into its possession or control that relate in any manner to the performance of the

Work, provided, however, that each Settling Performing Defendant (and its contractors and agents) must retain, in addition, copies of all data generated during the performance of the Work and not contained in the aforementioned documents required to be retained. Each of the above record retention requirements shall apply regardless of any corporate retention policy to the contrary.

106. At the conclusion of this document retention period, Settling Performing Defendants shall notify the United States and the Commonwealth at least ninety (90) days prior to the destruction of any such records or documents, and, upon request by the United States. Settling Performing Defendants shall deliver any such records or documents to EPA. If the United States has not responded to Settling Performing Defendants' notice prior to the time Settling Performing Defendants intend to destroy the records or documents, Settling Performing Defendants shall deliver all such records and documents to EPA no earlier than ten (10) days after providing an additional written notice that such records and documents will be delivered, unless EPA provides otherwise after receiving such notice. The Settling Performing Defendants may assert that certain documents, records and other information are privileged under the attorney-client privilege or any other privilege recognized by federal law. If the Settling Performing Defendants assert such a privilege, they shall provide the Plaintiffs with the following: (1) the title of the document, record, or information; (2) the date of the document, record, or information; (3) the name and title of the author of the document, record, or information; (4) the name and title of each addressee and recipient; (5) a description of the subject of the document, record, or information; and (6) the privilege asserted by Settling Performing Defendants. However, no documents, reports, or other information created or generated pursuant to the requirements of the Consent Decree shall be
